Invitation from the congress chair, prof. Lukáš Kratochvíl

It is my great pleasure to invite you at the ESEB 2021 congress to be held at the Prague Congress Centre, the Czech Republic, on August 14–19, 2022. The venue is easily accessible from the city centre and has a beautiful panoramic view of Prague.

The congresses of the European Society for Evolutionary Biology (ESEB) are organized biennially since 1987 and are now among the largest conferences in evolutionary biology with about 1400–1700 participants. Its objectives are to support the study of organic evolution and the integration of those scientific fields that are concerned with evolution, such as molecular and microbial evolution, behaviour, genetics, ecology, life histories etc.

Thanks to its well-established reputation and great venue in the heart of Europe, the ESEB 2021 Congress represents a unique opportunity for your company to become one of our Partners or Exhibitors. By sponsoring the event you will have a perfect chance to get brand awareness, form new business partnerships, create positive publicity and heighten your visibility, all of which in the context of your target audience. Besides, you could feel like a part of the community with a possibility to attend programme sections and social events.

Please see the Partnership Prospectus with packages that can be modified to suit your business requirements.

I look forward to seeing you in Prague!

Lukáš Kratochvíl
Why should you become a Partner of the European Society for Evolutionary Biology (ESEB)?

Marketing
Exhibitions can be the most effective marketing tool to increase awareness of your brand and products.

Networking
You will have the opportunity to meet and interact with many leading specialists.

Knowledge
Exchanges of the latest scientific knowledge, methods and procedures in the field.

Programme
Opportunity to participate in various programmes at the lowest expense.
