

European Society for Neurochemistry (ESN)

Dear Colleagues!

On behalf of the European Society for Neurochemistry we invite you to take part in the 24th ESN Biennial Meeting and 8th Conference “Molecular and Cellular Mechanisms of Regulation in the Nervous System”. The conference will be held on May 22-25, 2022 in Saint Petersburg, Russia

You can find all the information on our website. Mobile version available.
<https://esn2021.com/>

Main topics:

1. Optical dissection of neuronal and glial functions
2. Plasticity of glutamatergic and GABAergic synapses
3. Role of insulin signaling in the brain
4. Role of bioactive lipids in cerebrovascular diseases
5. Selective vulnerability of hippocampal neurons: Molecular and cellular mechanisms
6. Critical role of the dopamine transporter for brain homeostasis
7. Sphingolipids and brain: pathophysiology and therapeutics
8. Intracellular organelles and the regulation of the quality control systems in neurodegeneration
9. Neuronal polarization: emerging concepts linking cytoskeleton, membrane and organelle dynamics
10. New mechanisms and therapeutic approaches to enhance remyelination
11. Hyperhomocysteinemia-related pathologies of the nervous system
12. Mechanisms of neuropathology initiation: the role of energy metabolism and oxidative stress
13. Regulatory peptides
14. Sowing the seeds of death: protein misfolding and neurodegenerative disease progression
15. Sensing and targeting blood brain barrier for central nervous system diseases

Satellite symposia:

- Molecular mechanisms of intellectual disabilities
- Symposium of the Russian Society for Neurochemistry “Neurochemical mechanisms of brain diseases”

Important dates:

First instalment deadline	December 31, 2021
Second instalment deadline	to be announced
Abstract submission deadline	February 1, 2022
Young member symposia applications deadline	December 1, 2021
Young Scientists Lectureship award nominations deadline	December 1, 2021

Categories and Rates:

Due to the unpredictable COVID 19 situation, the registration fee should be paid in 2 instalments: the first one – non-refundable fee which will ensure your participation in the meeting in case it will be held virtually, and the second payment of the remaining fee to confirm your personal participation in the meeting.

	Registration fees:	First installment	Second installment
for non-members	300€	120€	180€
for ESN/ISN members	250€	100€	150€
for student non-members	125€	50€	75€
for student ESN/ISN members	100 €	40€	60€

The fees include – participation in all scientific sessions, coffee breaks, opening reception, conference dinner, city tour.

All payments (registration fee, accommodation, transfers and other additional services) are to be made using a personal account after completing your registration at the website.

You will be able to pay online via a bank card or as a bank transfer.

Terms of Cancellation and Refunds:

Unfortunately, the overall COVID-19 situation remains uncertain and poorly predictable, especially for the later times. It is still possible, as has already happened before, that there will

be another wave of the disease, forcing various restrictions. Of course, the organizers of ESN2021 will have to follow any regulations.

In case of cancellation of attendance for the above reasons, the refund of the second fee payment will be done upon receipt of a letter for refund. The letter should contain banking details, amount for refund minus UCS and ASSIST commission (5%) for Internet credit card payments and 15% for bank services and signature of the person or representative of the organization that made the payment. The amount will be charged back to the participant's account within 10 days after receiving the letter but not earlier than the end of the conference. Our technical secretariat will be happy to assist you.

Monomax PCO is the official Congress Service Agency for the Meeting

Please contact us for any questions on online registration, abstract submission, sponsorship and exhibition, hotel accommodation, registration fee payment:

Olga Vlasicheva
Project manager Monomax PCO
